WORK EXPERIENCE

DEWISE SOLUTIONS

Junior Software Engineer

Mandaluyong, Metro Manila
Dec 2025 – March 2026

- Built and shipped REST APIs in .NET and Node.js serving 50,000+ daily active users, cutting average response time by 40%
- Integrated Azure services and cloud-based solutions to support application deployment, authentication, and scalable backend infrastructure.
- Collaborated with product managers, designers, and senior engineers in an Agile development environment to deliver production-ready features.

PROJECTS

ARTICULATELY

2026

- Built a cross-platform communication training application using Flutter and Supabase, enabling users to practice and improve their articulation, public speaking and overall speaking through gamified tongue twisters' flashcards.
- Implemented offline route caching so commuters can search routes without using mobile data

INTELLISCHED

2026

- Developed a university academic scheduling system using the TALL stack (Laravel 11, Livewire 3, Alpine.js, Tailwind CSS), automating conflict-free timetable generation for 80 professors across 12 departments and 30+ sections per semester

ACTIVITIES

AWS Student Builder Group – PUP Biñan (AWS SBG - PUPBC)

Lead & Founder

Binan City
Nov 2025 – PRESENT

- Founded and currently lead the official AWS Student Builder Group at PUP Biñan, growing a community dedicated to cloud computing, AI, and software development
- Organized hands-on workshops, technical seminars, and community events introducing students to AWS Cloud, modern web development, and industry best practices.
- Built partnerships with local and national tech communities, connecting students with industry professionals, networking opportunities, and technical events.
- Led the planning and execution of community initiatives, coordinating volunteers, speakers, marketing, and logistics to deliver successful educational programs.

ADDITIONAL

Technical Skills: Proficient in PHP (Laravel), React, Node.js, SQL, AWS. Familiar with Python, Git, Docker, REST APIs, and n8n

Certification: FreeCodeCamp – Foundational C# · Languages: English (fluent), Filipino (native)
